

**11<sup>th</sup> International Conference on Screening for Lung Cancer**  
**Hosted by The National Cancer Institute Regina Elena**  
**At Instituto Patristico Augustinianum**  
**October 15-17, 2004**

Friday, October 15, 2004; 9:00-17:00, Instituto Patristico Auditorium

- 9:00-9:05                    Opening, Dr. Salvatore Giunta
- 9:05-9:15                    Welcome to Rome On. Francesco Storace, President of the Lazio Region and  
On. Marco Verzaschi, Assesore alla Sanita della Regione Lazio
- 9:15-9:25                    Welcome to Regina Elena Institute Prof. Luigi G. Spagnoli, General Manager  
Prof. Francesco Cognetti, Scientific Director
- 9:25-9:40                    Plan for the Conference - C.I.Henschke
- 9:40-10:00                  Interim Developments - Radiation dose
- 10:00-10:30                 Coffee Break

I-ELCAP protocol: potential alternatives to biopsy. Moderator: J. Zulueta

- 10:30-10:45                 Overview - U. Pastorino
- 10:45-11:00                 New data - D.Yankelevitz
- 11:00-11:15                 Discussion

I-ELCAP results: justifiability of screening. Moderator: L. Bonomo

- 11:15-11:45                 Likelihood (individualized) of cancer detection by a round of screening, the  
likelihood of cure given such a cancer and the likelihood of surviving other  
potential causes of death (for 10 years) - C.I.Hneschke
- 11:45-12:00                 Discussion
- 12:00-14:00                 Lunch, Instituto Patristico Augustinianum

Intervention on Early Lung Cancer and its Precursors. Moderator: U. Pastorino

- 14:00-14:20                 Annual vs. baseline screen-diagnosis of malignancy - D. Carter
- 14:20-14:40                 Limited resection as alternative to lobectomy - J. Yoshida

Friday, October 15, 2004; 9:00-17:00, Istituto Patristico Auditorium

- 14:40-15:00            Radiotherapy as alternative to resection - L. Gaspar
- 15:00-15:20            Primary pharmaco-intervention as an option - A. Gazdar, S. Wadler, M. Lane
- 15:20-15:40            Coffee Break

Extending I-ELCAP Screening Beyond Lung Cancer. Moderator: C.I.Henschke

- 15:40-16:00            Why consider the extension? - - D.Yankelevitz
- 16:40-16:20            CT screening for coronary artery disease - - J. Shemesh
- 16:20-16:40            CT screening for colon cancer - - R. Passariello and A. Laghi
- 16:40-17:00            Discussion - - S. Halligan and S. Qanadli
- 18:30                    RECEPTION at Hotel Cicerone, Via Cicerone 55, Rome (tel: 39- 06.35.76)

Saturday, October 16, 2004; 8:00am-17:00pm. Istituto Patristico Augustinianum

- 8:00-10:00            Scientific session. Moderator: R. Thurer
- 10:00-10:30            Coffee Break
- 10:30-13:10            Scientific session. Moderator: M. Tockman
- 13:10-14:30            Lunch
- 14:30-17:00            Collaborative projects and Workshops. Istituto Patristico Augustinianum
- 14:30-14:45            Update on collaborative research projects - F. Grannis, R. Korst
- 14:45-15:00            Update on the registry project - D.Yankelevitz, J. Yoshida, H. Asamura
- 15:00-17:00            Workshops I. Teaching files and their role in training and other quality assurance - D. Shaham, S. Sone II. Research on smoking and screening behavior - J. Ostroff, P. Pugliese, V. Cilenti III. Non-surgical intervention on lung cancer and its precursors - F. Sullivan, L Gaspar IV. Requisite developments towards extensions of screening - J. Shemesh, S. Qanadli

Sunday, October 17, 2004; 9:00am-15:00pm. Istituto Patristico Augustinianum

- 9:00-10:30            Consensus meeting
- 10:30-15:00            I-ELCAP Steering Committee meeting
